DISC & TRACK NUMBER	cd track-6
CATEGORY	rock: Too much of a good thing

	POSSIBLE POINTS	SCORE	COMMENTS (OPTIONAL)
ELEMENT LEVELS	5	4.5	Well balanced
FREQUENCY BALANCE	5	4	With the exception of the kick, this track is nearly perfect. Great bass, vocal and guitar tone. I do take issue with the kick being brighter than the snare and vocal.
IMAGE & PANNING	5	4	Guitars are just a bit too wide and outside the track. They'd seem a bit warmer if tucked in.
DYNAMICS & AUTOMATION	5	4.5	Effective
SPATIAL & DEPTH	5	4.25	Sparse arrangement leaves enough space to let the space be heard.
INTEREST EAR CANDY X -FACTOR	10	7.75	The sounds are inviting, the performers are willing and very able, the song could be a bit stronger.

TOTAL SCORE	35	29
